

OpenSRS, a Division of Tucows

Thorsten Einig
Managing Director EMEA

 **OpenSRS** | **enom**

Tucows

“Do you still do downloads?” (The **U**ltimate **C**ollection of **W**insock **S**oftware)

In business since 1993, traded at NASDAQ since 2005:

- ISP in the U.S.: TING - “mobile that makes sense” / “crazy fast fiber Internet”
- Domains: ICANN registrar since 2000
 - Today three registrars: Tucows, Enom, EPAG
 - 28 million DUM, 30k resellers

OpenSRS - Think global, act local

- Resellers in 150 countries
- 24/7 support
- A wide variety of payment options
- Offices in Canada, USA, Germany, Netherlands, Spain, Singapore, India
- Dedicated team in charge of Europe, Middle East and Africa (EMEA)

Our **Customer Giants** around the world (sample): Squarespace, Shopify, Yahoo, Hover, UOL, Hetzner, Siteground, Aruba IT, Exabytes

What OpenSRS Has to Offer

A partner not just a platform: We bring to the table dedicated account management and consultation combined with outstanding technical support.

- Completely wide label
- Breaking down the complexities of our products to easy to use interfaces (GUI, API)
- One-stop-shop for a variety of Products:
 - **Domains:** (almost) all nTLDs, one of the largest ccTLD selections in the market, **Hosted Registrar Solution**
 - **SSL:** all major brands, all variations (DV, OV, EV, wildcard, SAN)
 - **Hosted Email:** High Performance – Low cost white label solution with a fully brandable end user webmail interface, 4 mill mailboxes UM
